KAPSABET BOYS KCSE TRIAL AND PRACTICE EXAM 2016

Paper 2

1. a) Type the text below as it is into a word processor software. (18mks)

System development

For four purposes, the implementation process runs from the point when the systems design has been formally approved to the point when the new system is in place, ready to be used. As mentioned above, a decision could have been made to acquire commercial software for implementing the new system.

The following are the major activities which comprise the implementation process.

- (1) Develop detailed programming specifications
- (2) Develop test specifications and test data
- (3) Write computer programs
- (4) Test computer programs
- (5) User testing
- (6) File conversion
- (7) change over to the new system

Again, there is usually significant overlap among the above activities, For instance, file conversion may proceed while programs are being written.

DECISION TABLE

A decision table allows an analyst to set out a clear way in what could be a confusing situation.

		1	2	3	4
Conditions	Purchaser is a member	T	T	F	F
	Purchaser exceeds Ksh. 1000	T	F	T	F
Actions	15% discount	√			
	10% discount		√		
	7% discount			√	
	No discount				√

- b)
- (i) Centre and underline the title. (2mks)
 - (ii) Change font size of the headline to 25 pts. (1mks)
 - (iii) Change the case of the headline to Title case. (1mks)
- c) Insert this text as the page footer in Italic, "System development life cycle" . Place it at the left of the page. (4mks)
- d) Spell check your document. (4mks)
