School \_\_\_\_\_ Date \_\_\_\_\_

**Instructions:** This paper consists of 50 Multiple choice questions

**TIME: 1HR. 20MIN**

**Read the passage below and then answer questions 1 to 6.**

The Sun is the nearest star around which all planets in the solar system revolve. The nearest planet to the Sun is the Mercury and Neptune is the farthest one. There is a total of eight planets in the solar system.

At the centre of the solar system, the Sun is a ball of gases like carbon, helium, hydrogen and oxygen. Helium and hydrogen taking the largest portion. The temperature of the outer surface of the sun is approximately 5500°C. It is believed that there are other stars that are much bigger than the Sun.

The Sun plays a vital role in eclipses. A solar eclipse occurs when the Moon comes between the Sun and the Earth whereas a lunar eclipse occurs when the Earth comes between the Sun and the Moon.

1. What is **true** about the Sun according to the first paragraph?  
A. It is the nearest planet  
B. It is the nearest star  
C. It revolves round the Earth  
D. It is the brightest star
2. The **most** dominant gas that makes up the sun, according to the passage is  
A. oxygen      B. Carbon      C. hydrogen      D. nitrogen
3. Which word in the passage means the same as '**important**'?  
A. Nearest      B. Believed      C. Farthest      D. Vital
4. Which one of the following statements is **true** according to the passage?  
A. There are eight planets in the solar system  
B. All stars revolve round the Sun  
C. Lunar eclipse occurs when the Moon comes between the Sun  
D. Solar eclipse occurs when the Earth comes between the Sun
5. What in the passage, shows that the Sun is extremely hot?  
A. It is at the centre of the solar system  
B. It is a ball of gases  
C. It is roughly 5500°C  
D. It is bigger than other stars in the solar system
6. Which one of the following would be the **most** suitable title for this passage?  
A. The Earth      B. The Sun      C. The eclipses      D. The eight planets

**Read the passage below and then answer questions 7 to 11.**

Social media plays a huge role in our lives today. It connects people all over the world instantly making the world a global village. Through various social media platforms, we are able to share our thoughts, ideas, opinions and moments with family and friends. It keeps us updated with the current affairs, fashion and trends.

However, excessive use of social media is harmful. It can lead to anxiety, isolation and spread of fallacy. Therefore, we need a balanced approach. We should use the social media wisely to connect with others constructively while avoiding pitfalls like cyberbullying and misinformation.
